Aim of the Project

1st TPM

We aim to support young people to improve their journalistic skills with a methodology which will be based on interrelated digital media workshops and the refugee crisis/migration being the focus theme of the project, but also will be adaptable to other topics of societal which will help them not to remain as *spectators* in their lives and become *active citizenship* .

THE OBJECTIVES OF THE PROJECT ARE AS FOLLOWS :

- Use media technologies effectively to access, store, retrieve and share content to meet their individual and community needs and interests;
- Understand how and why media content is produced;
- To increase participants' awareness of power of media in construction of reality, develop more critical and selective approach to media products and use media tools for creating powerful messages.

- Use media creatively to express and communicate ideas, information and opinions;
- Make effective use of media in the exercise of their democratic rights and civil responsibilities.
- Increase knowledge and awareness of the challenges related to migration, migrants and refugees
- Identify and challenge stereotypes, prejudices and negative cultural dynamics on all sides
- Promote their active citizenship and social entrepreneurship - Improve youth organizations' capacity to work for/with migrants and refugees.
